

Digital Imaging group, Notes from the 17th October Meeting.

Museum Photography

Tony Wright presentation on the practical and technical challenges of photographing interiors can be found at:

<https://onedrive.live.com/redir?resid=AED6E95B95878D1!46279&authkey=!ABRd65K91IKLE44&ithint=file%2cpdf>

The (rather large) PSD file containing the layers used during the demo can be found at:

<https://onedrive.live.com/redir?resid=AED6E95B95878D1!40040&authkey=!AMKdBY7ydeZbW-U&ithint=file%2cpsd>

The example slideshow of the Williams FI Collection can be viewed at:

Microsoft Digital Image Software

John Billington demonstrated several aspects of the sadly discontinued MDI software including the smart erase functions. We will have some “demo” copies of this programme available at the next session.
